Description	The Maple FHT has a wonderful turn-key opportunity:  The Lakeside Physicians practice is in an easily accessible shopping plaza in the heart of Amherstview. The practice can easily be moved to Kingston if that is your preference. The admin staff are highly efficient, and as with all of Maple's clinics, there is access to allied healthcare professionals which include: nursing, mental health counsellors, dietitians, diabetes educators, a respiratory educator and a community service worker. The practice is large, but well-managed, and there is the possibility of splitting it into two smaller practices if desired.  This is a great opportunity to begin practicing medicine with a full patient roster, dedicated staff, and plenty of support from Maple Family Health Team.
